

The Nature Collection – Children's Comments 2011

Excuse me. That was awesome!

Nature is my favourite thing in the whole world. I loved it!

I really liked the information about all the animals.

I love snakes but I don't want to marry one!

I want to be like you when I grow up.

Why are secondaries smaller than primaries?

You have the best job in the world

I wish we could all take one thing home each.

Have you been elected the best animal finder ever?

Everyone says these are all fake. Are they real?

This is so lovely. I don't want to leave. I am in heaven.

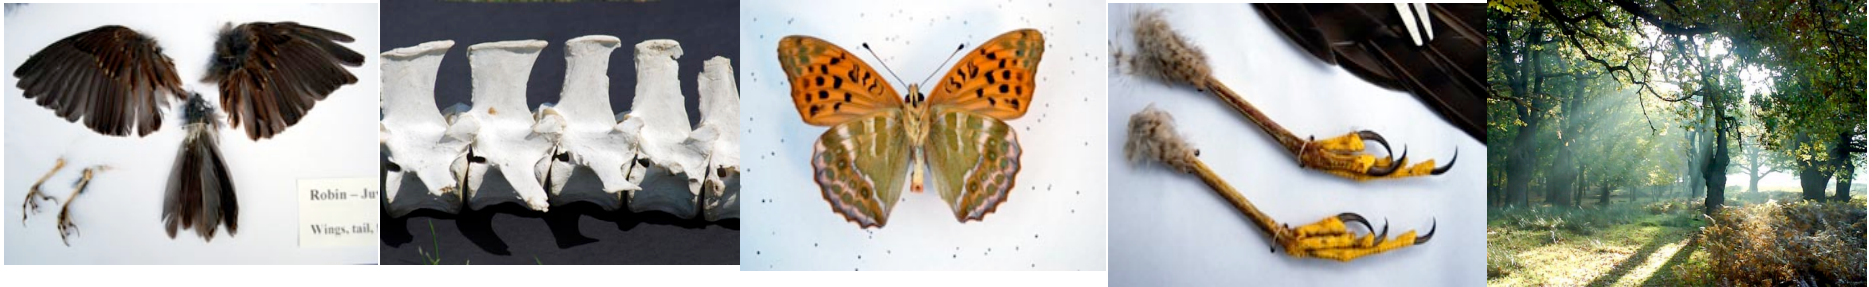

This was the best workshop I have ever been to.

It is impossible that you can find all these creatures.

Thank you for showing us your discoveries.

Are these feathers plastic? They feel like they are.

The Nature Collection – Children's Comments 2010

Why did you put a Cadbury's Mini Egg in the nest?

Doing the owl pellets was amazing! We found four skulls.

Can I keep the deer tooth, if I wiggle it out?

I want to be a rugby player until I am thirty, then do your job!

My surname is Bone.

When I saw all this, I nearly fainted!

Are these dinosaur bones?

Every time I look at this, I see something different.

I like the mandarin duck best. I have seen them in the park.

I feel sorry for the owls being sick all the time.

This collection is really cool! I wish I had one like this.

I am in heaven! This is a dream come true.

I just loved the butterflies!

This is why I love my school – for doing things like this!

Are you going to set up a club, so we can do this every week?
